Nec Dtp 16d 1 User Guide PDF - jennysecret.com

If you have a DTP-16D phone, I believe that device was used primarily on the NEAX 2000 system by NEC. If that is true, you can try the default DND cancel code: #8 (*8 sets it). Unfortunately, the system codes CAN be changed by the installer, so it could be something else. Please let us know if that works. Thanks.
