Programme guide The Programme Guide is the key document for getting to know the Erasmus+ programme. Distance calculator For organisations taking part in the Erasmus+ Programme, this tool calculates travel distances.

Programme guide | Erasmus+

Overview. The term userland (or user space) refers to all code that runs outside the operating system's kernel. Userland usually refers to the various programs and libraries that the operating system uses to interact with the kernel: software that performs input/output, manipulates file system objects, application software, etc.

User space - Wikipedia
